DESCRIPTION

The Land and Woodland at Mundy Bois extends to a total of 54.64 acres. The majority of the land is broadleaved woodland (41.94 acres) believed to have been planted in the 1990's. There are various rides and tracks throughout, and the woodland is in need of some general management. Access into the woodland parcels is through two gated entrances on Mundy Bois Road. One leads through the pasture field into the woodland and the other is directly into the woodland from the highway. There are two public rights of way crossing the property and a Rights of Way Plan is available from the selling agents upon request.

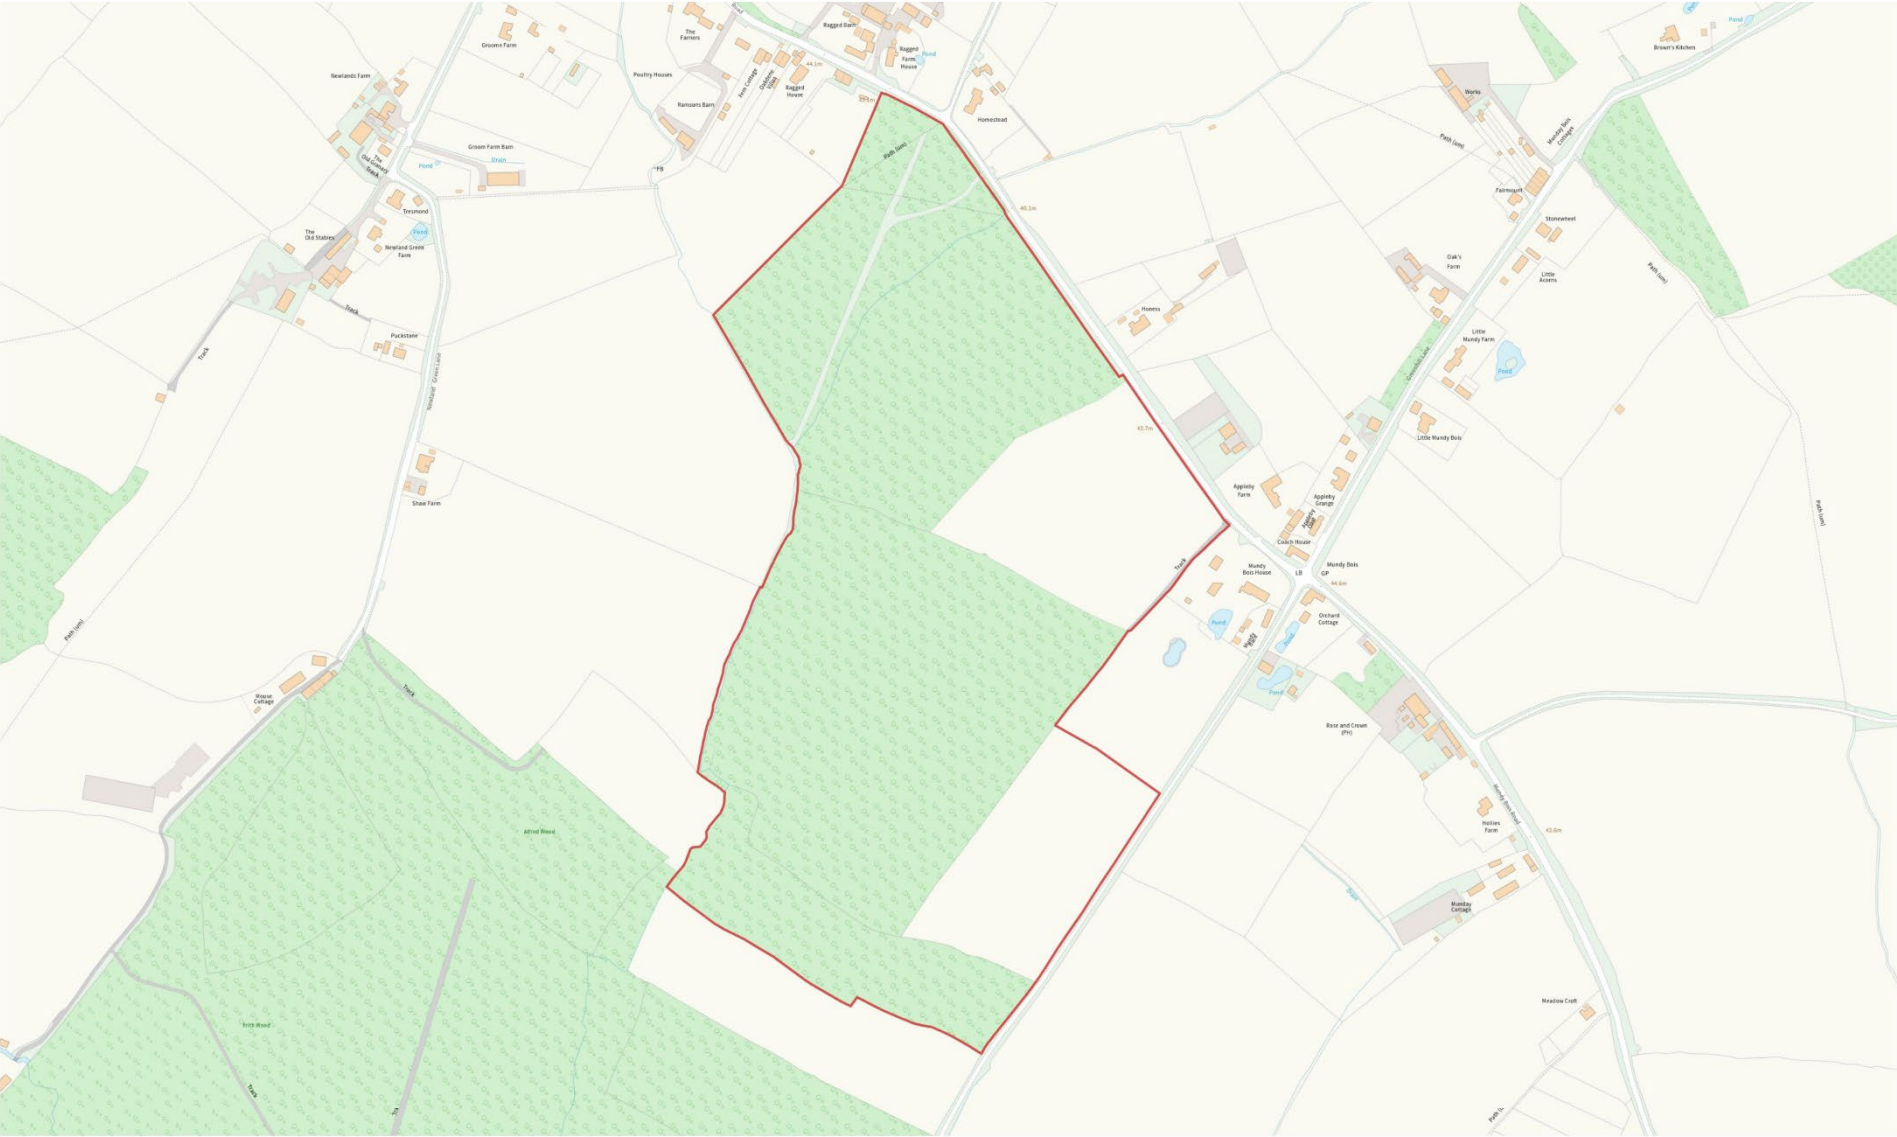

AGRICULTURAL LAND

The agricultural pastureland within the property is classified as Grade III on the Agricultural Land Classification Plan for England and Wales and extends in total to 13.71 acres. The land is all laid to grass and is access from Mundy Bois Road in the north eastern corner of the property. Although there is road frontage along the eastern boundary there is no access gate from Greenhill Lane. There is a track through the woodland linking the two pasture fields. Soils are typical of this part of the county being your Wealden Clays that are reasonably free draining.
